KPERS MEMBERSHIP AND DEATH AND DISABILITY COVERAGE INFORMATION AND INSTRUCTIONS

The holder of an elected state office has a one-time choice whether to participate as a member of KPERS upon first becoming eligible for membership. The first time an individual takes the oath of office is the only time the individual may make an election during his/her tenure in office without a break in service.

An elected state official, or an appointed official filling an elected office, who meets the requirements for KPERS membership must declare whether he/she will become a member of the Retirement System. He/she must file the KPERS Membership and Death and Disability Coverage form (KPERS-3A). If he/she elects membership in the Retirement System, his/her membership date will be effective on the day the oath of office is taken or appointment to the position, provided that the election form is received by the Retirement System within 14 days following the oath or the appointment. In the event the election is not filed within 14 days, membership may be obtained on the first day of the payroll period of the first quarter following receipt of the election in the KPERS office provided KPERS receives it within 90 days of the oath of office.

This form should be completed and returned, regardless of whether the elected official chooses to become a member of the Retirement System.

■ Part A – Election of Compensation

Members of the Legislature may request KPERS contributions be deducted from session and monthly expense allowances. You are under no obligation to exercise this request. If you do, the additional compensation reported to the Retirement System will increase your retirement benefit.

Please complete this section of the form in all cases. Be sure to initial each item as well.
