

New EWP

Firefox Not Working Well

Use Internet Explorer or Chrome for Now

The Firefox browser and the new employer portal are not playing well together. We're working on a solution. But in the meantime, please don't use Firefox to work on the EWP. Internet Explorer and Chrome seem to work well.

Temporary EWP Hours

For the month of April, the EWP will close at 8 p.m. The new system is still a work in progress. And we need the extra hour to deploy system updates and fixes. We'll be back to regular hours in May.
