

## Employer Web Portal (EWP)

# No Late Fees

Learning something new takes time. That's why we're **waiving late fees** created since we launched the new EWP on April 9 and through the rest of April.

### Your Part

- Uncheck late fee checkbox before you click Pay Now
- You'll still see late fees on invoice list; ignore them (they'll go away May 7)

We are not waiving fees from before April 9. You still owe those.
