

Employer Web Portal (EWP)

New Password Requirements

As a fiduciary, it's our duty to act in our members' best interests. That includes **protecting** their information. Based on new State rules, we're making changes to EWP password requirements.

Starting **July 1**, follow these **new password rules** after your next password expiration. You're new password will be longer, but you won't have to change it as often. And you don't need to do anything until your current password expires.

OLD	NEW (changes in red)
Minimum of 8 characters	Minimum of 12 characters
Has 3 of these 4 characteristics: <ul style="list-style-type: none">• Uppercase• Lowercase• Numeral• Non-alphanumeric character	Has 3 of these 4 characteristics: <ul style="list-style-type: none">• Uppercase• Lowercase• Numeral• Non-alphanumeric character
Does not contain the user ID	Does not contain the user ID
Expires every 90 days	Expires every 180 days
Must differ from last 12 passwords	Must differ from last 24 passwords
