

Summer Pay for Schools It's Here!

Summer pay reporting is ready. If you're not sure how it works, we have some resources to help you out.

Summer Pay Resources

Changes

No Pay Due to COVID-19 vs No Summer Pay Buttons

The purpose of both buttons is to ensure that employees on these types of leave without pay still receive service credit. The No Pay Due to COVID-19 button will likely expire May 31.

- Use **No Summer Pay** button (each pay report) for non-licensed employees not paid during summer
- Use **No Pay due to COVID-19** button (each pay report) for employees not paid for COVID-19 reasons
- Cannot use No Pay due to COVID-19 button and No Summer Pay button for same employee on same pay report

Fix for You

If you applied No Summer Pay to an employee by mistake, you can now open the payroll detail for that employee and uncheck the No Summer Pay box.

End Dates for Summer Pay

If an employee ends employment after a summer "Pay Until Date" has been used for that employee, you'll need to enter the end date through Employee Lookup.

Rate Reminder

Your working-after-retirement employer contribution rates will go up July 1.

Working-After-Retirement Member Earnings	Employer Contribution Rate	
Less than \$25,000	14.41% (now)	14.23% (as of 7/1/20)
\$25,000+	30%
